

ARC Description for Practices

*How much does the fertility treatment cost?
Will my insurance cover it?
Will I be able to afford the cost?*

These are some of the questions that come to the mind of patients who first learn about their fertility and the cost of treatments

The University of Florida Reproductive Medicine practice understands your concerns and has partnered with [Advanced Reproductive Care, Inc. \(ARC\)](#), to provide you with the most affordable options.

ARC is the nation's largest network of fertility specialists, who along with their network of physicians, are committed to making the cost of fertility treatments predictable and affordable to help couples through their journey and fulfill their dreams of having a baby.

With ARC, a number of affordable options are available for patients to choose from:

1. Affordable and predictable [fertility treatment packages](#)
2. [Financing payment plan](#) options
3. [Refund Guarantee packages](#)
4. [Pharmacy financing packages](#)

For additional information about these patient options, and to help you maximize your opportunity for having a baby, while minimizing your financial risk, please visit:
